Approved & Endorsed Content

Our course library has more approved, recognized, and endorsed online content than any other provider in Canada, including:

- ✔ **Emergency & Standard First Aid**
 Approved by the Government of Alberta, Manitoba, and Ontario as well as many of the Atlantic provinces
- ✔ **Defensive Driving**
 Approved by the Government of Alberta and Prince Edward Island for a three demerit reduction
- ✔ **Ground Disturbance 201**
 Endorsed by the Alberta Common Ground Alliance (ABCGA)
- ✔ **And many more**

Extensive Course Selection

Thanks to our wide range of partnerships, we can provide access to some of the most current training from esteemed providers. These top of the line courses are created using unique combinations of multimedia elements and may feature:

High-Impact Videos

Engaging Exam Questions

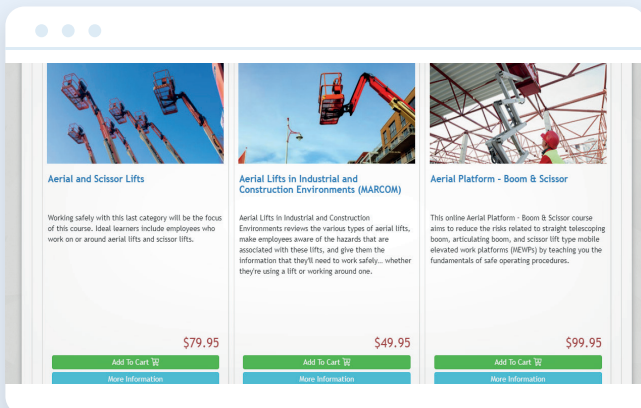

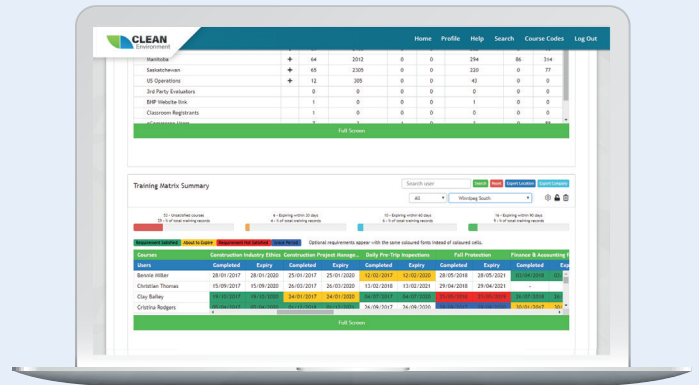

Interactive Games

Multilingual Options

API/SSO

Application Program Interface (API) and Single Sign-On (SSO) integration allow your existing LMS to integrate seamlessly with our entire content library. Users click the course link in your LMS, then the course plays in a pop-up window. Once the work is complete, our system transfers the course completion data directly into your LMS, including a copy of the certificate.

An Ever-Expanding Course Library

The course library available through Bistrainer is continually growing as additional partners join the SafetyNET network. All of these courses are available to you and your company to sell to your clients. Join the growing network with over 1,700 high-quality safety training courses, and provide your clients with some of the highest quality training available.
