Expand Your Service Offering.

By becoming a Network Partner with our SafetyNET Program, you can expand the service offerings of your business without having to undertake the expensive and time consuming task of developing the courses, creating your own Learning Management System, or building an expensive ecommerce store. We offer a solution that provided everything you need to get started today!

Benefits of Partnership

✓ Global Reach

Using this program you can offer online safety courses to people from all over the world directly from your branded store.

✓ Growing Library of Courses

Your store can be regularly updated with new courses as they become available. Automatically or at your discretion.

✓ Reporting

Access to email notifications and reporting that shows exactly which courses are selling and which users are completing the courses.

✓ Passive Income

With a good ranking on the web, this store allows you to earn another stream of income.

✓ Marketing Exposure

When you become a Network Partner our team will add you to our Network Partner landing page with a link to your website which helps with Search Engine Optimization (SEO). We also include our partners in every edition of the SafetyNET Magazine which is distributed to thousands of safety professionals.

Collaborative Partnership

From the very beginning, the entire team at BIS Safety Software is there to support you in becoming a successful Network Partner. Whether it is providing onboarding to get you off on the right foot, or giving technical support to the people who buy safety courses from you, we are committed to your success.

To qualify for the Network Partner Program you must offer safety training to the public.
